Dear Potential Employer,

I hope this letter finds you well. I am writing to express my interest in the position _____.
I am confident in my ability to contribute effectively to your team as I have in years past as an
Oracle ERP DBA, Hadoop and Datastage Product owner and administrator and certified
Enterprise Architect and certified network specialist.

My experiences range from hands-on work in and migrating data centers, supporting production
documentation, coaching DevOps and building CI/CD Pipelines with development teams. Be it
assembling hardware, configuring software, writing Business Requirement Documents, Project
Charters or updating Functional Specifications I will demonstrate attention to detail and build
business acumen with a focus on continuous improvement(CI). My project management
experience (PMP) along with data governance in the risk space compliment my ability to build
relationships with technical teams, business users, architects, security personnel, data
governance organizations and executive sponsors.   I possess a comprehensive understanding of
both Windows and Unix environments, along with proficiency in both virtual and physical
hardware configurations. I have served in roles such as DBA, Sysadmin, Solution Architect,
Automation Manager, Business Analyst, SCRUM Master, Product Owner, and Developer, each
of which I have approached with enthusiasm and dedication.

I am a Certified Solutions Architect with EACOE 2023, (ISC)2 Cyber Security Certified 2023,
Certified Product Owner (CPO 2024), and a Certified Scrum Master (CSM) 2022, ITIL 4
Certified March 2024. I am enthusiastic about the opportunity to contribute my skills and
expertise to your organization and am eager to discuss how my background aligns with your
company's needs. I have hands on experience with tools like Autosys, Control-M, Enterprise
Manager, Squirrel, SQLplus worksheet. I am an automation specialist and an advocate for
Documentation of Processes. Written thousands of shell scripts and advanced SQL queries on
multiple database platforms as well as having a deep knowledge of audits with third Party
organizations, I understand and enjoy building, documenting and improving how systems are
integrated and work together.

Please feel free to contact me via text or google phone (407) 476-6798 or via email at
greg@greg-becker.com to schedule a convenient time for further discussions. I appreciate your
time and consideration and look forward to the possibility of joining your dynamic team.

Thank you for considering my application.

Sincerely,

Greg Becker.   Cell (407) 289-9317. http://greg-becker.com/
